NO. 134

NEGOTIATIONS URGENT AFTER NEW SURRENDER

WORKING FOR BRITISH-FRENCH RUSSIAN-POLISH DEC- LARATION

MEMEL TERRITORY TAKEN

Lithuania and France Agreed On Nec-
essary for Immediate Four
Power Declaration

LONDON, March 22.—(UP)—Negotiations for a British-French-Russian declaration against German aggression were put on an urgent basis today as the news was received that European capitals that Hitler had forced Lithuania to surrender the Memel territory.

The diplomatic quarters, the question already was asked whether Hitler would stop now, even for a brief while, whether he would proceed to Lithuania under his "protection," even attempt to regain sovereignty of the Danzig area, under Polish finance and lying between Germany proper and East Prussia.

Britain and France were agreed the necessity for an immediate "stop Hitler" declaration, giving the way open for adherence by other powers if they would.

It was learned, already had signed its support, Yugoslavia, lying between Nazi Germany and Fascist Italy, held back. Negotiations were proceeding with Russia, Bulgaria and Greece.

The British and French governments were ready at any hour to issue a declaration providing for "immediate consultation in the event of political aggression" by Germany—not waiting for any possible territorial aggression.

Russia wanted the declaration firmer and to put in at least intimation that the four powers would consider military action against Germany.

Poland, gravely alarmed, wanted a military agreement instead of a consultative declaration.

The British government was advising Poland that any declaration to effective must be issued at once.

It was understood that Britain had urged Poland that actual military commitments would be made eventually, but that they would require discussions and thus, by delaying matters, decrease the effect of an immediate anti-aggression declaration.

As regards Memel, there was nothing that the British government could do. Prime Minister Neville Chamberlain and Viscount Halifax, foreign secretary, had made it plain that they could not oppose the absorption into Germany of areas which were German people.

Hitler had acted promptly on these declarations and had taken Memel.

Despite denials it was reported that Germany had given Lithuania a real ultimatum.

HIGH SCHOOL CONVOCATION

A unique program was presented to the members of the Greencastle High School Tuesday during the regular convocation period.

A panel interview of Herbert Mace, a former resident of Putnam county, who is now at the head of the Mace Auto Supply company of Terre Haute, was made by Paul Boston, superintendent of schools, Glenn Menden, a former teacher of Mr. Mace, and James Houck, a member of the senior class.

The guest of honor was presented by Mr. Boston in keeping with his usual custom of devoting his one convocation program to individuals who have "made good."

When the guest speaker was asked the still valued his college training as an asset to his success, he replied, "I am most assuredly do. I think 'success' is the fruit of intelligent persistence by the application of the work ethic and the principle of consistency." However, I think any person is successful if that person does his very best with whatever means he has, even if he died poor and unsung and seldom heard of."

Among his concluding remarks, the principal speaker stated that even yet almost any boy or girl can work his way through college and become successful if he will cut his expenses to a minimum, try to establish a little credit for cash loans, and do something original that would be under his control.

MASONIC NOTICE

Greencastle Commandery will hold its stated convocation this evening at 7:30 o'clock.

PUTNAMVILLE CLASS TO PRESENT PLAY MAR. 23-24

The Junior Class of Putnamville will present a three act comedy March 23-24, entitled "Aaron Slick from Punkin Creek." The play will start promptly at 7:30 o'clock. Between acts there will be music furnished by the State Farm orchestra.

The characters are as follows: Aaron Slick, Raymond Jones; Little Sis Riggs, Margaret Seabee; Mrs. Berry, Alice Young; Wilbur Merri-dew, Paul Hartnagle; Gladys Mae Merri-dew, Frances Schaefer; Clarence Green, Jack Danahey; and Girl in Red, Madonna Rogers.

FILMS RECOMMENDED

The following films are recommended by the national previewing committee in Hollywood: Trade Winds; Topper Takes A Trip; David Copperfield; Wife, Husband and Friend; Oklahoma Kid; Four Girls in White; and Pymalion.

Guest Meeting Held By D. A. R.

MRS. L. L. PORTER INTRODUCED MRS. O'BYRNE, GUEST SPEAKER

Washburn chapter Daughters of the American Revolution entertained their guests Tuesday evening at the home of Mrs. Clyde Wildman. More than 125 members and guests were present.

In the receiving line were Mrs. Wildman, Miss Grace Browning, chapter regent, Mrs. Roscoe O'Byrne, the guest speaker, and Mrs. Lafayette Levan Porter, candidate for state regent. The house was beautifully decorated with spring flowers.

Miss Browning presented Mrs. John Cook, program chairman, who introduced Mrs. Porter. Mrs. Porter then introduced Mrs. O'Byrne of Brookville. She is a former state regent, former vice president general, and is now chairman of the pilgrimage to Washington, D. C., and will have forty-nine girls under her charge.

Mrs. O'Byrne said the story of the D. A. R. organization is one of steady growth. Next year the fiftieth anniversary will be celebrated.

The organization, she said, had its beginning due to the action of the S. A. R. on April 30, 1890 in Louisville, Ky. The action was that which prevented women from being members of the Sons of the American Revolution. The newspapers, according to Mrs. O'Byrne played up this action and really caused the formation of the organization. There were only three women present and they visualized the future. The three major factors decided then were that the organization should be national, that it should be governed by a board of management, and that they should ask Mrs. Benjamin Harrison to become the first president. Several meetings were held at which other splendid decisions were made. The first year a reception was held February 22, 1891. The success of the organization was assured from that time on.

On June 8, 1891, the organization was incorporated as the national society of the Daughters of the American Revolution. On February 22, 1892 the first Congress was held. The dignity with which this congress was conducted was quite noticeable.

During this first year the entire activity had to consist of making a firm foundation, enlightening members, and deciding many problems. There was a special exhibit held at the Paris exposition and this was awarded the prize. During the war with Spain a D. A. R. nurse corps was organized and was recognized by the government.

Mrs. O'Byrne said that through the years as new needs were presented the work of the organization has grown. The elastic interpretation of the three original decisions is shown by the work during the war. Increasingly emphasis has been placed upon youths as citizens, she continued. In the good citizenship pilgrimage the organization members are working with girls who have proved their ability.

Ancestry, she concluded, has never, contrary to a general belief, been regarded as more than a means to an end. It is a way to unite for the Daughters of the American Revolution.

Spring flowers and candles were used in the dining room where Mrs. T. G. Yunker and Miss Dade Shearer presided at the table. Others assisting were Miss Minetta Wright, Miss Virginia Dean, Mrs. Roy Sutherland, Mrs. Wilbur Donner, Miss Elizabeth Riden, Miss Virginia Mathes, Miss Wilhelmina Lank, Mrs. Charles Rector, Mrs. Esther Jones, Mrs. W. R. Dean, Mrs. Kenneth West, Miss Lenore Alsbaugh, Dr. Winona Welch, and Miss Virginia Riden.

LITHUANIA SURRENDERS MEMEL AREA

DELEGATION LEAVING FOR BERLIN TO WORK OUT DETAILS

HITLER'S SECOND TRIUMPH

Lithuanian Troops Reported Withdrawing and German Troops Entering Memel

BERLIN, March 22.—(UP)—Adolf Hitler left Berlin this afternoon en route for a triumphal entry into that newly acquired territory, which will be occupied by Nazi troops tomorrow.

KAUNAS (Kovno), Lithuania, March 22.—(UP)—Lithuania surrendered Memel to Nazi Germany today under the implied ultimatum which said that if the annexation were effected peacefully Germany would "generously consider" Lithuania's economic interests.

The surrender was announced officially this morning.

It was added that a Lithuanian delegation would leave for Berlin today to work out details.

Lithuanian troops were reported withdrawing from the territory and unconfirmed reports were that German troops already had started to enter the Memel area.

By the surrender, Germany regains 1,099 square miles of territory with a population of 152,000 taken from her after the World War and handed over to Lithuania in 1923.

It was Adolf Hitler's second triumph in seven days—one week after his entry into Prague in symbol of his authority over the shattered Czechoslovak republic.

"Ribbentrop emphasized that should it be possible to attain this return by peaceful means of agreement Germany would take into consideration Lithuanian economic interests in Memel harbor.

"This demand was based by Ribbentrop on the self determination of peoples and he stated that an amicable settlement of this question would be beneficial to future good relations of both countries.

"Apart from that Ribbentrop said that he was in possession of reports that the temper of the population of Memelland was such that it was necessary to reach a very rapid decision in order to prevent incidents.

"After Urbsys's report the ministerial council had a long discussion on the situation thus created. On the same day the foreign minister reported the situation at a secret session of the Seima."

The second communique said:

"It is well known that the Lithuanian government has endeavored to settle all questions arising in Memelland in conjunction with the German government."

County Residents Pay Hidden Taxes

REPORT STATED THAT BURDEN IS PAID AS CONCEALED PART OF PRICE

Families of Greencastle and vicinity pay \$305,604 in hidden taxes annually on their retail purchases alone, a survey by the National Consumers Tax Commission showed today.

This burden, the report stated, is paid as a concealed part of the price of food, clothing, fuel, medicine and other daily purchases. The figure does not include sales tax revenues.

The commission is a non-political organization of women combating through local study groups "unnecessary taxes that penalize consumers by increasing the cost of living."

"Every-day shoppers, whether they know it or not, carry a major share of the local, state and national tax burden," Mrs. Kenneth C. Frazier, president, said in the report. "Hidden taxes, increasing the cost of even the necessities of life, produce 63 percent of all tax revenue. They are levied first against producer, manufacturer, shipper and distributor and then passed on to consumers."

The report, which said NCTC study groups in 3,900 communities have added their forces to the crusade, pointed out that the local hidden tax figure concerns retail sales only and does not include many other taxes, hidden and direct, that families here have to pay.

The analysis, directed from the NCTC headquarters in Chicago, was based on total retail sales in Greencastle of \$1,959,000 as reported by the U. S. Bureau of the Census.

EXPECT LARGE CROWD AT ELKS STAG TONIGHT

A large turnout is expected at the Elks home tonight when the lodge entertains with a Spring "stag" party. The festivities will open with a dinner at 6:30 o'clock this evening. Various entertainment features have been planned for the membership. Several members from the Brazil lodge are planning to join with the local lodge for the get-together.

Approve Funds For Armaments

TO ACCELERATE GREATEST DEFENSE PROGRAM IN PEACE-TIME HISTORY

WASHINGTON, March 22 (UP)—The House appropriations committee today reported a \$185,672,028 second deficiency bill carrying new funds for immediate use to accelerate the greatest defense program in the peace-time history of the United States.

The committee, however, maintained its consistent policy of cutting President Roosevelt's budget requests by slicing the bill \$27,962,903 below the President's recommendations.

The bill, drafted chiefly to provide cash for defense purposes, carries \$36,000,000 to continue construction of 53 war vessels and \$69,738,987 in cash for the war department's defense program plus army contract authorizations totaling \$46,801,000.

The committee, however, eliminated a \$10,000,000 request for a new aeronautical research station at Sunnyvale, Calif.

It also rejected a \$7,300,000 appropriation to finance the civil universities, on grounds the appropriation must await authorizing legislation. On similar grounds, the committee disallowed a \$200,000 fund for development of military roads in the Panama Canal zone.

With these major exceptions, President Roosevelt's requests for funds for the vast armament program were approved virtually without change.

Three File Papers For Naturalization

TWO COME FROM DICTATOR RIDDEN NATIONS THIRD IS ENGLISH

That the United States of America is to have three new citizens is indicated by papers filed in the office of Homer C. Morrison, clerk of the Putnam Circuit Court. Two of these—all of them are men—come from dictator-ridden nations and the third is an Englishman.

The best known of the three is Guenther Hans Grueninger, 36 years old, unmarried, who has been on the DePauw campus several years and is a popular member of the faculty of that institution. He was born at Achem, Germany. His last foreign residence was at Freiburg, but he came to America from Berlin, entering at New York, September 15, 1929. He crossed the Atlantic on the Stuttgart. He entered the country under the name of Dr. Guenther Hans Grueninger.

Dictator Mussolini will lose a former citizen of Rome, by the impending naturalization of Dominic Celdonio (sometimes known as Diminico or Domenico), the application for citizenship states. He is not married. He was born in Rome, October 22, 1902. He came to America, sailing from Villet to Philadelphia on the S. S. Ancona, July, 1912.

One other interesting document in this connection is the notice to the county clerk from the director of immigration and naturalization of the Cincinnati district, William A. Carmichael, that Donald Hobson Warne will apply for naturalization papers here. Mr. Warne entered the United States July 19, 1926, sailing from Glasgow, Scotland, on the S. S. Transylvania. Mr. Warne was born at N. Ormsley, England, 24 years ago. He lived for some time near Falkent, in Scotland. He has been living in this country at 501 Center avenue, Newton, Bucks county, Pennsylvania. He says he is a college student preparing to teach.

The speaker in commenting on the soil conservation work, showed how the fertility of the soil is being lost each year by erosion and said unless it is stopped the nation will be bare of top soil before many more years.

He cited floods, winds and other causes of erosion and showed how many billions of tons of top soil are being lost annually. In commenting on the stabilization of an adequate food supply, he said the lack of food caused the European nations to lose a war, and at the same time, it caused them to produce a sufficient supply of food for their own use after the war and at this time, this country has lost an export market for surplus food stuffs because Europe is growing their own food supply. He compared costs of farm machinery now and fifty years or less ago, showing it is about three hundred per cent higher and added to this cost to the farmer are many things which he must buy today that were unheard of in our earlier history.

He said during the normal period of 1909 to 1914, the farm income in this country as compared to the total, was about 16 per cent; in the post-war period it dropped to 10 per cent; in 1932, it went to only 6 per cent; and in 1937 it has raised again to 10 per cent.

The speaker is of the opinion that one of the best things the new farm program will do, is the research being conducted to create new uses for farm products. He mentioned a few of these and said these laboratories, in time will find new fields for the use of more farm products and this will create a market as well as a profitable figure at which they can be produced.

Last rites for Mrs. Mary E. Wright of Putnamville, who died Monday, were held Wednesday afternoon from the Rector funeral home in charge of the Rev. Dallas Rissler. Burial was in Forest Hill cemetery.

20 Years Ago IN GREENCASTLE

Captain Cassell Tucker was decorated with the military cross by King George at Buckingham Palace. The newspaper said: "In order to be decorated he was required to go to London so that the king might personally pin the cross upon him."

COUNTY SOIL CONSERVATION CLUB WAS HOST

HELD DINNER MEETING TUES- DAY FOR BUSINESS AND PROFESSIONAL MEN

J. E. MANGUS WAS SPEAKER

Purpose Was To Acquaint Guests With Program Being Carried On

The Putnam County Soil Conservation Department, was host at a dinner meeting at the Gobin Memorial Church Tuesday evening for business and professional men of the county. Present also were officials from the District and State Soil Conservation departments.

The purpose of the meeting was to better acquaint the Putnam county guests with the program being carried on by the Conservation Department. David Grimes, county agent, acted as toastmaster at the meeting and presented the guests and Ora A. Day, head of the Soil Conservation work in Putnam county for the past six years. Mr. Grimes also extended a hearty welcome to guests at the dinner meeting. There were approximately 100 men present. Mr. Grimes said in his welcome that Putnam county was the best organized county in its soil erosion work of any that he had seen.

Music was furnished by the famous Cloverleaf Four, composed of Gerald Sublett, George Benefield, Will Wullen and Roy Evans. Among the state and district officials present were John Thompson, Dist. Supt. Bradley, Dr. Bailey, Mr. Coblenz, who is an aerial photographer, who proposes to photograph Putnam county from three miles in the air during the coming summer and J. E. Mangus of Purdue, who gave the principal talk.

The meeting was the co-operative effort of the county and township chairmen, including Mr. Day, head of the organization, "Hap" Gardner, secretary, Phillip Hutcherson, vice chairman, Henry M. Havens, Fred Harris, Ray Crosby, Z. Garrett, Virgil Ader, Roy Brackney, Eugene Salust, Earl O'Hair, Donald Pool, Maynard Grubb, Howard Crosby, Roy Evans, Earl Ellis, Charles Hendrick, J. J. Martin, Roy Clodfelter, Emery Brattain, Verne Williams, John Dills, LeRoy Alter, Ike Skelton, Alex Bryan, William Moser, G. Herbert, Robert Lewis, Ralph Call, Elvin Harlin, George Sims, Albert Hunter, Wilbur Phillips, John Sears, Herbert Ray and Clarence Day's.

Mr. Mangus, in his explanation of the Soil Conservation work, said it was done for three reasons, to conserve the soil resources of the nation, to stabilize and maintain an adequate food supply for the nation and to help raise the income of the farmer.

The speaker in commenting on the soil conservation work, showed how the fertility of the soil is being lost each year by erosion and said unless it is stopped the nation will be bare of top soil before many more years.

He cited floods, winds and other causes of erosion and showed how many billions of tons of top soil are being lost annually. In commenting on the stabilization of an adequate food supply, he said the lack of food caused the European nations to lose a war, and at the same time, it caused them to produce a sufficient supply of food for their own use after the war and at this time, this country has lost an export market for surplus food stuffs because Europe is growing their own food supply. He compared costs of farm machinery now and fifty years or less ago, showing it is about three hundred per cent higher and added to this cost to the farmer are many things which he must buy today that were unheard of in our earlier history.

He said during the normal period of 1909 to 1914, the farm income in this country as compared to the total, was about 16 per cent; in the post-war period it dropped to 10 per cent; in 1932, it went to only 6 per cent; and in 1937 it has raised again to 10 per cent.

The speaker is of the opinion that one of the best things the new farm program will do, is the research being conducted to create new uses for farm products. He mentioned a few of these and said these laboratories, in time will find new fields for the use of more farm products and this will create a market as well as a profitable figure at which they can be produced.

Last rites for Mrs. Mary E. Wright of Putnamville, who died Monday, were held Wednesday afternoon from the Rector funeral home in charge of the Rev. Dallas Rissler. Burial was in Forest Hill cemetery.

YOU ARE INVITED

Greencastle merchants are co-operating in a spring opening tonight, and a very cordial invitation is extended everyone to come down town tonight and listen to a band concert, see the window displays and guess as to the value of merchandise in each co-operating merchant's window. Valuable and seasonable prizes are being offered by these merchants to the winners of those who guess the nearest to the value of the merchandise displayed.

Remember, come down town tonight and enjoy a spring evening out of doors and at the same time, hear a fine band concert and see the most attractive line of spring merchandise Greencastle merchants have ever offered.

Expect Big Fruit Crop This Season

LESLIE FRANK HAS POSSIBLY ONLY NECTARINE TREES IN COUNTY

Leslie Frank, at his home a fraction of a mile south of the cross roads in Morton—a home, by the way, which has on its lawn some of the largest northern yellow pine trees in the county—talked very cheerfully of the prospects for a large fruit crop this season, subject always, of course, to an unexpected drop in the temperature to a dangerous point. He is expecting a large crop of peaches, too, which is more than some orchardists of this county are expecting.

Mr. Frank has 1,100 fruit trees that number including apple, peach, apricot, plum and—possibly most interesting of all to him—three young nectarine trees. He is counting on the latter to swell his financial receipts very heavily, but nectarines in Putnam county are a rare sight. He thinks he has the only trees of that sort around here. They are "fuzzless," having a skin smooth like a plum.

The apricots should have a good crop, he says. There are thirty of those trees, and the appetite of Putnam county people for apricots fresh from the trees is insatiable, he says. He mentioned Floyd Bales, a mile and a half north of Morton, who has several apricot trees which bear heavily with no attention from the owner. People drive a long way to get the fruit.

Mr. Frank has about 260 Hale and Elberta peach trees of bearing age four years old, with 500 additional coming on, now three years old. He has 700 additional only a year old.

Although he has 200 bearing apple trees—principally Stark golden delicious and Stark red delicious—he isn't as warm a friend of apple culture as he is of peach raising—as he has had but one good apple crop in ten years while his peach trees have done better than that. He also has Stayman, Jonathan and Bluck Twig apples. Some of his Golden Delicious apple trees began bearing at three years old, Mr. Frank stated, but not many.

The so-called dormant spraying of his peach trees for leaf curl was done last fall. He will begin spraying his apple trees soon for scale, and there probably will be not less than half a dozen succeeding sprayings of these trees, for other diseases and pests. Two years ago—a rainy season—he sprayed nine times, the rain washing off the application several times before it had time to become effective.

Mr. Frank not only sold all of his apple crop of last year but bought several hundred bushels from other producers to meet the calls made up on him by his regular customers.

Troops Answer Call To Colors

RUMANIANS IN STATE OF NEAR PANIC; RESERVES ALSO CALLED

BUCHAREST, Rumania, March 22.—(UP)—An outpouring of reserve troops, answering a call to the colors and the requisitioning of horses and carts to the extent that it stopped city milk deliveries had Rumanians in a state of near panic today.

The calling up of several classes of reserves, announced officially by the government last night, was explained as a move to "counterbalance similar measures by neighboring countries."

The communique attempted to calm the people by saying that the reservists would stay "far behind the frontiers," that they had been called for instruction only and would be dismissed as soon as other countries disbanded their reservists.

WEATHER MAN BACKS SPRING OPENING HERE

EXPECT DOWNTOWN SECTION TO BE CROWDED FOR EVENT TONIGHT

MANY PRIZES TO BE GIVEN

Visitors Asked to Inspect All Windows in Contest; Band Plays At P. M. to Open Feature

With the weather man promising to favor Greencastle with fair weather tonight, it appeared today that the downtown section of the city would be crowded with visitors for the Spring Opening.

Hundreds of local residents and persons from the surrounding trading area are expected to come early this evening and stay late to participate in the features planned by the Greencastle Merchants co-operating with the Chamber of Commerce in the novel Spring Opening affair. The shops will be open from 7 to 9 o'clock this evening for the convenience of the visitors, enabling them to visit each store taking part in the opening event.

Everything is in readiness to open the Spring show at 7 o'clock with a parade throughout the downtown section. The DePauw university band will lead the demonstration. Many new 1939 automobiles from the local agencies will be included in the parade to give additional color to the performance. Parking space is being reserved on the east side of the square for the local automobile agencies taking part, and visitors are asked to stop at the space and inspect the new cars. The dealers will conduct their special contests from the east side of the square.

Shop windows were being covered this afternoon in preparation for the unveiling at 7 o'clock this evening. Many smart new ideas for Spring are being included in the windows, promising to be of unusual interest to the crowd. Valuable merchandise prizes are being offered by the 20 enterprising local business people taking part in the contest. Downtown visitors are asked to go to each shop and carefully review the merchandise on display, consider the value of the merchandise and submit a guess at each place. Each store will give an individual award to the person guessing nearest the actual retail value of the merchandise in the window to be judged. It is possible for contestants to win more than one prize, and for this reason alone it will be worth each person's time to inspect all windows in the contest.

The Greencastle merchants participating in the Spring Opening event have devoted considerable time to the special feature in hopes of pleasing the crowd expected here. It has been pointed out that a tour of the shops, viewing the last word in Spring merchandise will prove of interest and benefit to the downtown guests tonight.

The contest will begin promptly at 7 o'clock with the unveiling of the windows and close at 9 o'clock.

TO INVESTIGATE WPA

WASHINGTON, March 22 (UP)—

The house rules committee today reported favorably, by a 7 to 4 vote, a resolution by Rep. Eugene Cox, D., Ga., authorizing the house appropriations committee to investigate the Works Progress Administration.

FORBIDS EXPORTS

RIO DE JANEIRO, March 22.—

(UP)—Export of cotton from northern Brazil in exchange for German "aski" marks was forbidden by the government today until further notice.

KILLS SELF

STANTON, Mich., March 22.—

(UP)—George W. Beebe, 69, of Indianapolis, Ind., held for the slaying of a middle-aged farm couple at Greenville, Mich., was found dead in his jail cell this morning. Sheriff Chris Hansen said Beebe had hanged himself.

PERSONAL AND LOCAL NEWS

Carey Payne remains seriously ill at the Putnam County hospital.

Mrs. J. J. Kauble is reported slightly improved at her home in Madison township.

Mrs. Ernest Stoner has returned home from McAllen, Texas, where she visited relatives.

Mr. and Mrs. Fred A. Hanks of Bainbridge are the parents of a daughter, Nancy Ellen, born Tuesday morning.

Dr. and Mrs. Ernest Wright of Belvidere, Ill., were here Wednesday to attend the funeral of the former's mother, Mrs. Mary E. Wright.

Miss Mabel Stoner has returned home from Holly Bluff, Miss., where she spent the winter with her brother, Lacy Stoner and family.

The Putnam County Corn Growers' Association will meet the evening of March 28 in the court house, for their annual business and social session. It will be in the nature of a pound party. The assembling hour is named as 7:30 o'clock.

Miss Katharine Frisz, of Terre Haute, who was associated with her brother, J. W. Frisz in the management of The Shades hotel and known to many residents of this county in that capacity, died at her home yesterday. She was about 70 years old.

Dr. Henry Ostrom, who returned to his home in this city Sunday from St. Paul, Minn., where he became ill suddenly several days prior, has improved in health very much. His daughter, Mrs. Paul L. Benedict, of Crawfordsville, who went to St. Paul because of his illness, also has returned to her home.

There will be a Rally Day program for the Sunday School of Mt. Meridian Methodist church, Sunday, April 2. Church school services will begin at 10 a. m., after the Sunday school there will be a speaker. There will be a pitch-in dinner followed by an interesting program in the afternoon. Everyone is invited to come early for Sunday school, dinner and the afternoon program.

Barbara Robbins, 8 year old daughter of Mr. and Mrs. Jack Robbins of Fincastle was admitted to the Riley hospital in Indianapolis earlier this week. The Robbins girl was first reported ill of infantile paralysis but after thorough examinations were made by hospital physicians reports now indicate that the little girl is seriously ill of infectious arthritis, which is commonly known as acute inflammatory rheumatism.

The city firemen were called to the Charles Meikel residence on north Jackson street at 12:30 noon, today, where a small blaze had started in the roof next to the chimney. A small amount of water was used in extinguishing it. The telephone call to the fire department was not clear, the firemen said, it being understood that the fire was at Charles Marshall's house on east Walnut street, and the run was made first to that location.

Clay City; Mr. and Mrs. Hugh Knoll and daughter Joan of Bridgeton; Mr. and Mrs. George Reising of Greencastle; Mr. and Mrs. Clarence Knoll and Mrs. Hester Shofer of Poland.

Sugar Ridge Club

Held Pitch-In Dinner

The Sugar Ridge Club members and their families met at the home of Mr. and Mrs. Clyde Carrington Friday night, March 17th for a pitch-in-dinner in honor of Mr. Carrington's birthday anniversary. After all enjoyed a variety of good things to eat the evening was spent in playing Rook and Chinese Checkers. Those present were: Mr. and Mrs. Warren Lewallen, Mr. and Mrs. Clarence Berry, Mr. and Mrs. Oscar Coffman, Mr. and Mrs. Basil Sanford, Mr. and Mrs. Damon Modlin, Mr. and Mrs. Carl Coffman, Mr. and Mrs. Lavern Sanford and family, Mr. and Mrs. Roy Lewis, Mr. and Mrs. J. R. South, and sons Don and Dean, Mr. and Mrs. Gilbert O'Hair and family and the host and hostess Mr. and Mrs. Clyde Carrington and daughter Shirley. All left at a late hour wishing Mr. Carrington many more happy birthdays.

Entertained Sunday

In Honor of Birthday

Mr. and Mrs. Joe Newgent of near Clinton Falls, entertained with a family dinner Sunday March 19th in honor of Mr. Newgent's 86th birthday. Those present were: Mr. and Mrs. Ezra Newgent and family, Mr. and Mrs. Claude Newgent and family, and John Newgent of Clinton Falls, Mr. and Mrs. Ora Porter and son of Milligan.

West Madison Home

Ec. Club Met Recently

The West Madison Home Ec. club held its regular meeting at the home of Mrs. Sibyl Allen Thursday, Mar. 16th. Twenty-one members answered roll call with an ancient superstition. All joined in repeating creed and singing "A Merry Life." During business session our president made an announcement of a new Home Ec club which our club was instrumental in forming. It is called "The Four Leaf Clover Club". Our club also voted to donate our part to help raise the county treasury. Our leaders Mrs. Maybell Layman and Mrs. Hazel Thomas gave very interesting lessons on Leisure and Hobbies. Mrs. Maude Brattain read a poem "The House By the Side of the Road." During social hour refreshments were served.

Witmer-Faller

Marriage Announced

Announcement has been made of the marriage of Mrs. Verna Faller to W. H. Witmer of Sunberry, Pa., at Danville, Ill., on March 14th, 1939. The couple will spend several months traveling in the West. They will leave Thursday from the home of Mrs. Paul Hatcher in this city. Mrs. Witmer is the mother of Otha C. Faller of Roachdale.

Eastern Star To

Hold Installation

Greencastle Chapter No. 255 O. E. S. will meet in called session Thursday evening at 8 o'clock for the installation of officers for 1939. All Eastern Stars, Masons and their families are invited.

Arleen Small is ill at the home of her aunt at 510 Apple street.

Letters are being sent to the 74 Purdue university alumni and former students residing in Putnam county notifying them of a meeting of their organization in the court house in Greencastle the evening of Wednesday, March 29. W. O. Mills, one of the field men of Purdue, will be the guest speaker.

GREENCASTLE MERCHANTS PRESENT A NEW AND EXCITING TYPE OF

JUDGE THE WINDOW VALUES--WIN A PRIZE

Read These Rules

Greencastle merchants listed on this page have a novel idea that will excite, thrill and please every person in this territory that comes to town Wednesday evening. This contest is open to everyone over 16 years of age. All you have to do is study the merchandise displayed in the windows of these stores. Then write down on a slip of paper, what you think the total value of this merchandise is worth and deposit your slip in a box in the store whose window's you have judged. The one coming closest to right amount wins the prize offered by that store. The more windows you judge the more prizes you have a chance to win.

Judge Edgar A. Rice of the Montgomery Circuit court, was here this forenoon to hear arguments on the motion of the plaintiff's attorneys for a new trial in the suit of Croushore vs. Tzouanakis. The case was tried recently in the Putnam court, Judge Rice being the special judge, and the defendant won it, in that trial. The contention of the defeated plaintiff in asking for a new trial is that new evidence has been discovered which could not have been discovered by the exercise of due diligence before the trial.

ARE A MILLION JOBS
MADE BY BEER

BEER PAYS A MILLION
DOLLARS A DAY IN TAXES
NATION-WIDE

AND HERE, MR. TAXPAYER,
IS A HUGE SUM TO LIGHTEN
YOUR TAX BURDEN!

GOOD crops at good prices... isn't that the kind of farm relief that farmers really want? Since 1933, the brewing industry has bought 15 billion pounds of American farm products... paying good prices, too.

Add to that, the million jobs that Beer has made... and the fact that Beer pays a million dollars a day in taxes: local, state, national. To safeguard these advantages, the brew-

ing industry stands ready to cooperate fully with all law enforcement authorities. The brewers can enforce no laws... but they do insist that retail beer outlets should give no offense to anyone.

Would you like a booklet that describes the brewers' program of direct action? Address: United Brewers Industrial Foundation, 19 East 40th St., New York, N. Y.
